

Catalog 2023

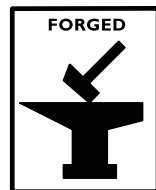

FREUND VICTORIA a range with quality and variety!

Quality labels emphasize decisive quality features and thus serve as a guidepost.
They reproduce the quality features and thus help to a valuable overview
in a short time.

Here you will find an excerpt of seals of approval
with no general assortment validity.

products!"

We have clever solutions for you ✓

FREUND VICTORIA stands for an extensive top class gardening range.
Decades of experience, perfect presentation of goods on the sales floor
and in addition a particularly high flexibility regarding customer requests
are just some of the great strengths of the traditional company.

As a traditional and leading supplier for household, garden, construction,
forestry agriculture, gardening and landscaping not simply tools are offered
to the user but comprehensive solutions for the respective work and
requirements.

We offer the right pruner for sensitive roses as well as tough black
current bushes, for hedges and shrubs, for tree trimming, for mold
cutting as box tree or for wire cutting and much more.

You will find a huge selection – even for regional specialties on hoes,
spades and rakes. It is not just a fork that we offer but the manure fork,
the hay fork, the spade fork, the horse fork, the potato fork, the silo fork
the stone fork and many others.

... And a lot of gardening and forestry equipment, traditional and
special designs, ergonomic tools, combi-tools, children's tools, a huge
selection of small tools for balcony, terrace or grave maintenance and
helpful tools for outdoor, camping and hobby activities.

The demands of consumers, hobby- and professional users are more
than just covered thanks to this comprehensive product range.

FREUND VICTORIA – Quality and innovation that inspire!

Our merchandising brings profit ✓

We design your tool merchandising displays in a customer and market-oriented manner according to your individual wishes.

Specially designed merchandisers, space-saving layout and clear product information make a good presentation and therefore good sales.

Our modular elements fit into your assigned selling area and enable you to choose your product range. We take care of a uniform image.

PROFILE - Forestry products

The new generation of woodworking

- ✓ Made in Germany - a German quality product!
- ✓ Quality forged axe-head molded with the handle
- ✓ Xylan coated blade surface for easy and efficient clearing
- ✓ Modern design with optimum weight distribution for saving energy when working

New and innovative toolholder

1. Highest handle ergonomics for safe and comfortable transport even when wearing work gloves
2. Secure removal by locking button
3. Integrated toolholder
4. Permanent protection of the axe head during transportation and storage in the bracket

PROFILE - the new generation of forestry products combines a modern, attractive design with maximum functionality and optimal working ergonomics.

The handle is made from special composite material – reinforced fiberglass and is known as particularly robust and durable. The quality forged axe-head is molded with the handle and therefore provides the highest security. The Xylan-coated surface of the head provides perfect entering into the wood, which splits easier and more efficiently. Xylan protects against corrosion and cares for product's longevity. The optimum weight distribution and the shape of the toll allows energy-saving working.

Universal hatchet 907:
Usable as a hammer or heading tool
Including transport and storage holder
weight: 800 g, overall length: 37 cm

For small volumes of wood, in the home garden, on the road for outdoor activities, camping, campfire woodworking.
Suitable for small to medium sized pieces of wood, for relief and for easy clearing operations

EAN-Code	Art.-No.	Pack off
4002408-		
-669502	1560551	6

Universal axe 916:
Usable as a hammer
Including transport and storage holder
weight: 1.950 g, overall length: 73 cm

Suitable for medium sized pieces of wood and tree trunks, light work with the axe, relieve and easy to moderate clearing operations

EAN-Code	Art.-No.	Pack off
4002408-		
-669519	1560552	6

Clearing axe 919:
Axe and coin in one tool, usable as a hammer
Including transport and storage holder
weight: 1.700 g, overall length: 63 cm

Suitable for medium sized pieces of wood, tree trunks, moderate clearing operations

EAN-Code	Art.-No.	Pack off
4002408-		
-669182	1560596	6

Clearing axe 926:
Axe and coin in one tool, usable as a hammer
Including transport and storage holder
weight: 2.550 g, overall length: 73 cm

Suitable for big tree trunks and moderate to difficult clearing operations

EAN-Code	Art.-No.	Pack off
4002408-		
-669441	1560567	4

PROFILINE - the new generation of forestry products now with two-component handle (2 K)

Universal hatchet 905:
Usable as a hammer
Including transport and storage holder
weight: approx. 600 g, overall length: approx. 24 cm

For small pieces of wood in the garden,
for outdoor activities, camping, campfire
woodworking.

EAN-Code 4002408-	Art.-No.	Pack off	
-669212	1560618	6	

Hookeroon 935:
Including transport and storage holder
weight: approx. 300 g, overall length: approx. 40 cm

For lifting, turning and moving logs,
pieces of wood

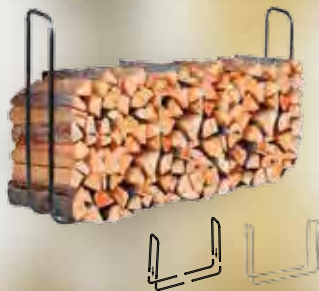

EAN-Code 4002408-	Art.-No.	Pack off	
-669748	1560619	6	

Machete 945:
Including transport and storage holder
weight: approx. 450 g, overall length: approx. 55 cm

For debranching trees and trunks,
to thin out shrubs and bushes
in the garden and forest

EAN-Code 4002408-	Art.-No.	Pack off	
-669755	1560620	6	

Firewood storage shelf 67605
Consisting of 6 metal tube elements.
Hammered epoxy coating for better corrosion
resistance.
Recommended for outdoor use. Robust,
high volume capacity.
Tool-free assembly, easy to use.
Flexible storage, variably adjustable size
Dimensions per element:
length/breadth/height 64/32/99 cm

EAN-Code 4002408-	Art.-No.	Pack off	
-676050	1910001	1	

Firewood trolley 67604
Metal trolley, hammered epoxy coating for
better corrosion resistance.
Solid rubber tires, diameter 15 cm.
Robust, high weight capacity, up to 100 kg.
Specially for safe and comfortable transportation
of wood.
height/breadth/depth 88/35/58 cm

EAN-Code 4002408-	Art.-No.	Pack off	
-676043	1910000	6	

Multi-function transport trolley 67606
Multi-function metall transport trolley,
hammered epoxy coating for better corrosion
resistance.
Solid rubber/plastic wheels, diameter 20 cm.
Robust, high weight capacity, up to 80 kg.
Foldable for space-saving storage.
For safe and comfortable transportation of wood,
flower pots, garbage bag, bulky goods and much
more.
Individual use in garden, home, workshop and
for camping.
unfolded height/breadth/depth 104/44/60 cm
folded height/breadth/depth 104/44/25 cm

Tool sharpener 960
Grindstone with ergonomic plastic handle
wide range of applications:
– tool edges with V-shape like axes and hatchets
– tool edges, ground on one side like spades
– scissors, garden shears, pruning shears
– lopping shears
– knives, mower blades
length/width/height 16/2/7,5 cm

EAN-Code 4002408-	Art.-No.	Pack off	
-659282	1560607	6	

Tarpaulin eyelet 970
Plastic eyelet with hook
Content 4 pieces
displaceable and reusable, easy to use
versatile application:
– Fixing of tarpaulins
– Repair of tarpaulins
– attachment of additional tarpaulin eyelets
length/breadth/height 11,5/1,25/5 cm

PROFILINE-cutting tool range

Cutting tools

PROFILINE garden shears

...and while cutting: effortlessly to the green branch!

This new series inspires every user! Equipped with a gear mechanism, a higher and thus more effective cutting performance is achieved. Non-stick coated blades ensure a reduced friction resistance and therefore an extremely clean and powerful cut. Lightweight and break-proof plastic handles with an oval grip guarantee a comfortable handling.

Work comfortably and effectively, reach your goal quickly!

PROFILINE Lopping shear GA 54:
By-pass lopping shear for high cutting precision, cutting blade XYLAN non-stick coated, gear mechanism, extremely light, shatterproof plastic handles, for cutting fresh green, branches and also hedges and bushes.
Cuts up to 32 mm ø
Total length: 54 cm

EAN-Code 4000925-	Art.-No.	Pack off	
-302681	1020711	4	

PROFILINE Lopping shear GA 72:
By-pass lopping shear for high cutting precision cutting blade XYLAN non-stick coated, gear mechanism, extremely light, shatterproof plastic handles, for cutting fresh green, branches and also hedges and bushes
Cuts up to 45 mm ø
Total length: 72 cm

-302698	1020712	4	

PROFILINE Hedge-Shear GH 58:
Cutting blade XYLAN non-stick coated, gear mechanism, extremely light, shatterproof plastic handles, shock absorber buffer
Blade length: 20 cm
Total length: 58 cm

EAN-Code 4000925-	Art.-No.	Pack off	
-302674	1010777	4	

Lever force transmission by ratchet.
Minimal effort needed, therefore long
and fatigue-free work.

Ratchet- Lopping shear RS 25:
Anvil lopping shear with lever force transmission by ratchet, therefore minimal effort needed, extremely light-weight shatterproof plastic-handles, coated blade, 35 cm plastic-handles.
Cuts up to 32 mm ø, Total length: 42 cm

EAN-Code 4000925-	Art.-No.	Pack off	
-302575	1020699	6	

Pruning shear 3200:
By-pass pruning shear, coated blade, rubber buffer, ergonomic shaped handles, infinitely variable hand size.
Cuts up to 18 mm ø, Total length: 21 cm

EAN-Code 4000925-	Art.-No.	Pack off	
-414841	1030763	10	

Pruning shear 3290:
Anvil pruning shear, coated blade, ergonomic shaped handles, infinitely variable hand size.
Cuts up to 15 mm ø, Total length: 20 cm

EAN-Code 4000925-	Art.-No.	Pack off	
-414858	1030764	10	

Multifunctional Scissor

Multifunctional Scissor F4
paper cut, knife cut, fruit and vegetable peeler, bottle opener, stainless steel blade, separable blade for knife cut use, ergonomically shaped handles

Overall length: 21 cm

Versatile application:
Ideal for household, garden, hobby and craft work, camping and more.
For cutting paper, thin cardboard, yarn and cords. For peeling fruit/vegetables – with integrated bottle opener.
Easy separation of the two scissor blades for use as a knife and for thorough and easy cleaning.
With ergonomically shaped handles for a comfortable and safe working – at the same time optimal cutting control.

Grass shears - fixed cutting blades	EAN-Code 4000925-	Art.-No.	Pack off	
 <p>Multi-purpose shear 1515: For cutting grass, small trees and other material. Hollow ground cutting blades, XYLAN non-stick coated. Blade pressure adjustable. Comfortable grip. Especially recommended for cutting box tree. Overall length: 30 cm MADE IN GERMANY</p>	-503606	1040538	10	
 <p>Grass shear 1545: Non-stick coated blade, chrome plated, Metal grips with PVC coating Blade length: 13.5 cm Total length: 34 cm</p>	-513575	1040594	10	

Grass shears - rotatable cutting blades

 <p>Grass shear 1540: Moving upper blade. Blades rotatable through 90°. One-hand lock. Overall length: 35 cm</p>	-513551	1040547	10	
--	---------	---------	----	--

Sheep- / Box tree shear

 <p>Sheep-/Box tree shear 1510: Made from the best tool steel, polished, with spring in heart-form. Bent pattern. Total length: 320 mm Especially recommended for cutting box tree.</p>	-613565	1090511	6	
--	---------	---------	---	--

Ergonomic design
Enables safe and fatigue-free working, even during greatest demands.

Safety quick-stop
The blade is stopped within 0,05 seconds as soon as even one hand lets go of the tool.

Carbon brush exchange
Simple carbon brush exchange through removable cap in professional models.

Ergonomic hand grip
50% greater working radius through additional safety switch in hand grip.

Cable strain relief
Simple incorporation in hand grip prevents pull on electrical outlet.

Safety slipper clutch
Protects motor and drive. Even if sudden obstacles such as netting wire induce an instant shutdown of the blade, the motor and drive remain unharmed.

High performance motor
A 660 Watt electric motor with a two-step reduction drive in the professional models and a 560 Watt motor with a one-step drive for the hobby gardener guarantee necessary traction and power.

Safety blade
Dulled saw tooth ends of upper and lower blades form an 8mm safety zone on both sides of the blade to largely rule out danger.

Cutting blade
Precision-ground upper blade, upper and lower blade in professional models.

Blades move in opposite directions
Better cutting results through blades which move in opposite directions, both blades moving towards each other.

Offset cutting teeth
The saw teeth are arranged in an offset way which additionally improves running smoothness and stability of blades.

Cutting blade professional
The upper and lower cutting blades of the professional models are sharpened and hard-chrome plated, providing rust protection, less friction and therefore less wear.

Kickback protection
No kickback through kickback protection at tip of blade.

FREUND – a friend you can depend on.

As a specialist in the manufacturing of garden tools, FREUND knows what hedge shears are all about. Decades of experience as well as greatest technical competence are the prerequisites for developing and producing high performance, dependable and safe hedge shears.

And since all tools are made in Germany, you can depend on highest quality and workmanship ensuring a long working life.

Garden tools "New Generation"

Trowel / roll cultivator

Trowel 68051

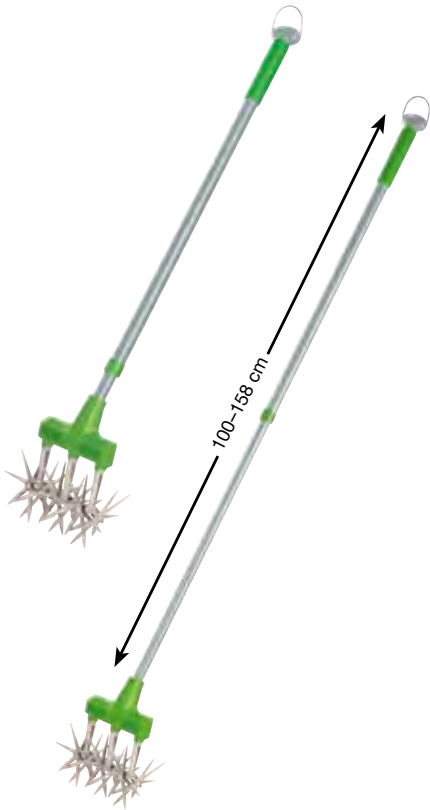

Effective weeding, especially "dandelion"
because it is gripped deep in the ground by sta-
inless steel blade, simply pulling out by
footrest.

Comfortable body-friendly working position.

With tread and stainless steel gripper.

Especially handy:
footrest space-saving foldable.

EAN-Code	Art.-No.	Pack off	
4002408-			
-680514	1990617	6	

Roll cultivator 68055

Extra long tubular steel handle
for easy reach, telescopic
handle from 100 to 158 cm,
working width 15 cm

Removeable aluminium wheel
tines.

Non-slip and skin-friendly plastic coating
for comfortable and fatigue-free work

EAN-Code	Art.-No.	Pack off	
4002408-			
-680552	1990619	4	

Multi purpose:

Loosen ground,
mix in mulch,
remove weeds,
making fine crumbs.

For seeding rows.

Using in tight areas,
for example between
plants.

PROFILELINE Telescopic tools

PROFILELINE – the new generation of gardening tools combines a modern, very appealing design with the highest functionality and an optimum working economy. The products are made of high – quality special steel equipped with an ergonomic plastic D-handle which can be used on one or two hands. The handle-haptics guarantee a pleasant handling and the spades can be used flexibly, depending on the working angle. All products of this series are equipped with an ergonomic shaped handle for a comfortable and effective work. The special – the telescope function. Depending on body height and working condition the handle can be adjusted to the optimal working height!

COMBILINE from FREUND VICTORIA – the solution!

Raised beds are trendy!

Thanks to back-saving gardening, easier maintenance with less weeds, optimal conditions for plant growth especially in vegetables and urban gardening - garden fun in the smallest space - this garden division is growing in popularity.

FREUND VICTORIA offers the matching products.

Not too long – not too short!

With the COMBILINE products a gap has been closed between the traditional long and the short handle tools.

The product family offers 4 products with optimal handles to work on the raised beds and similar conditions.

You will find each one hoe with wide blade and heart shaped blade, a small rake and a cultivator with optimal working length.

Care and loosening of the soil
with the two-tines rose fork

The two-tines rose fork is a well-tried
gardening tool for the care of rose
bushes.
With the two strong, extra-long tines,
even heavy soils can be gently loosened
and aerated up to the deep-reaching tap
root of the plants.

Rose fork 62157:
2 tines, 26 x 7 cm
bayonet shaped prongs, with lacquered
ash-T-handle FSC® 85 cm

Conditions

Conditions:

Prices:	According to seperate price list, prices less discount. Prices valid from 01.10.2022. All dealer purchase prices given exclude value added tax.
	The current price dynamic continues unabated for wood, plastic, steel, aluminium, sheet metal, cardboard products and more. The poor availability of goods on the procurement markets has further worsened. The main factors for this are: <ul style="list-style-type: none">• The tense supply situation for primary materials worldwide• Massive increase in freight and transport costs• Asynchronous recovery of supply and demand• Production bottlenecks at the majority of the raw material producers
	Should this negative trend increase, we will have to reserve the right to make further price adjustments in the 2022/2023 gardening season.
Prices limit:	Ex works, packaging excluded.
Freight limit:	Wholesale: Delivery will be effected from a net-value of € 800,00 free warehouse.
Minimum order:	€ 160,00 net-value. For orders less than € 160,00 an order fee of € 8,00 will be charged.
Original packaging:	If no original packaging is ordered we will invoice a 5% surcharge.
Insurance:	Charged to the recipient.
Jurisdiction:	Stated by the supplier.
	The goods remain our property until final payment.
	This price list is based on our „General Terms and Conditions of Delivery and Payment“, which can be viewed on our homepage www.freund-victoria.de
	Subject to execution changes and misprints.
